Dear Mary,

I hope you have arrived home safe and I hope you have enjoyed yourself at Scarborough.

The train we took to Leeds was supposed to arrive 6.27 P.M. but in reality it arrived 7.15 P.M. We found a nice weather at that day - Tuesday, but since then we are suffering from permanent rain and dirty fog. I believe you are having a nice weather at York.

We have started the University work today and I shall have a very busy time till I finish with the examination.

The examination timetable is up and I come to know that I shall finish on June the 11th. So what a shame

I will be unable to see you at Scarborough
in the Whitsuntide holidays. But
anyhow, I shall be very glad to see you
at any other suitable time.

How is Mr. Prime? I hope he is feeling
better.

My friend & I wish you the best of joy
and I remain yours very sincerely

A. A. A. Salama -

P.S How do you like the Snaps? Will you
kindly send me a copy? I will be
much obliged.

Salama
