Dear Sir.

Many thanks for your letter of March 8th.

I am glad to know the date of W. Airey's visit. The dates you mention, March 28. 29 + 30th will suit me admirably. If W. Airey could give me from 11 am. to 1 pm. each day that also would be excellent. If however he wished to alter the time any day I expect we could easily arrange it. I can't say that I remember the Cambridge Se.D. sown but I have no doubt it will lend itself to more artistic treatment than an ordinary coal - so I hope your committee will want him in it. Thanks it is useful to know roughly when the second visit is likely to be and I have no doubt W. Airey will be able to fix it more definitely when he comes.

Yours Sincerely
Edward Somerville
