Dear Sir.

I wonder if you would be good enough
to send me a note or a p.c. telling me if the
portrait I painted of Mr. Walter Parsons is in a black
and gold frame (I think it is but I can't be quite
certain) and the width of the moulding of which the
frame is composed? I expect it is about $5\frac{1}{2}$ "

Thanking you in anticipation

Yours sincerely

Howard Sumnerville.

M. S. Woodhouse Esq.
