Dear Mr Woodhouse

Thanks for your cheery letter. I quite understand and would not have been surprised if I had not heard from you so don't worry if there is any delay. I only wish I were on holiday too! I'm busy on a lady's portrait and as she has come all the way from Rhems to be painted I can't get away until I finish.

Miss Gray came in to see me on Saturday afternoon. What a pleasant little soul she is besides being a lady of taste.

Good luck for your <sup>\*</sup>holidays. It's too hot - far too hot here! It's a queer thing that English architects and builders never take either heat or cold into account

Yours Sincerely  
Frank Gower

P.S. <sup>\*</sup>That means both of you course!
