Dear Mr Woodhouse.

Many thanks for your letter and the cuttings which I had already seen! For my sins I subscribe to a "Press Cutting" agency. It is a necessary evil - pictures get sent to exhibitions and often the only way I know about it is through the press.

I expect you are glad it is over so that after your winding up meetings you will be free until the next time - some thirty odd years hence I think <sup>Mr Gray said!</sup>

Thanks for your good wishes. I am fairly fit after a holiday which was good but not quite good enough and I feel a bit lazy (tired?) but work is going pretty well.

Kind remembrances to yourself and to Mr Woodhouse

Yours Sincerely  
Edward G. Marshall
