Dear Mr. Congdon.

I am very anxious to get hold of some films - which will give these unemployed men and the community at large, an idea of what is happening in the Remedial Physical Training world today.

I got in touch with Messrs. at Carnegie and he put me on to you, as you had taken a series of films depicting a year's course at Carnegie. Now, that's just what I am after! Is it possible for me to borrow that film for a month or two? I have a 16 mm. projector and I should be most grateful indeed if you could possibly let me have it for a short period. Messrs. will stand as security and guarantor!!

Could you let me know if all this can be managed? And I promise you the film will be returned unclashed.

Yours sincerely,
Frank. W. Ham.

Remedial Physical Training Advisor.
