Dear Mr. Congdon,

Your name has been given me by Mr. Major,  
as the nearest Carnegie man to Hereford.

Acting for the Central Council of Recreative  
Physical Training I am holding a course for leaders at  
Hereford. So far it has been attended by 20 men. On my  
departure I am anxious that a well trained man shall carry  
on the course for me, and I am, therefore, writing to you  
to ask if it will be at all possible for you to assist me.

The fee paid by the County Education  
Authority would be in the region of 12/6d. or 15/-, but as  
I know it is a really long way from Bromsgrove to Hereford,  
I shall quite understand if you are unable or unwilling to  
attempt it. If, however, you know of anybody sufficiently  
near who may be able and willing, would you be so kind as  
to let me know.

Yours sincerely,

*A. G. Mulford.*

Representative of the Central Council of  
Recreative Physical Training.

*P.S. I think about 6 weekly periods would meet  
the case, probably three before, three after Christmas.  
A.G.M.*
